

RESCUED DAM AT WALNUT GROVE

Millionaire Woman of Philadelphia to Carry Out a Promise Given Father.

Phoenix, Ariz., Dec. 2.—Mrs. Eleanor C. Whitman, a millionaire resident of Philadelphia, is preparing to fulfill the promise she made to her father on his deathbed and rebuild the Walnut Grove dam, proving that it can be made an instrument for human happiness, instead of human destruction.

Walnut Grove is on the Hassayampa river in Yavapai county, about 100 miles north of Phoenix. In the late '80's a water storage dam was built there by a syndicate headed by a Philadelphia capitalist named Van Buren. The dam was about 150 feet long and 60 feet high. It was what was known as a "rock fill"—rock faces above and below with earth filled in between. Prof. William B. Blake, afterward territorial geologist of Arizona, pointed out the construction of the dam and declared that it would stand for all time. It is now in ruins, and the rich lands lying on both sides of the Hassayampa below Walnut Grove.

In February, 1930, the Walnut Grove dam gave way and the valley of the Hassayampa was swept by a rushing torrent. Some ten persons lost their lives and a great deal of property was destroyed. Several thousand dollars of the community's loss were covered in a big sale in Robert Brown's saloon. That sale has never been found.

It became the dream of Van Buren's life to reconstruct the dam in a substantial manner. He held himself morally responsible, in a measure, for the loss of life and property which resulted from the failure of the first dam to do what it was expected to do.

Plans Drawn for Dam.

Mrs. Whitman has engaged competent engineers and plans have already been drawn for a concrete arch dam, similar to the one at Roosevelt but much smaller. It is claimed that it will be an easy matter to construct, at a cost of a little more than \$1,000,000, a dam that is absolutely safe.

World Withdraw 17,000 Acres.

Fred Bennett, former commissioner of the general land office, is Mrs. Whitman's land attorney. Bennett has been in Phoenix several days, explaining the project to the state land commission. At his request the commission has filed with the United States land office here an application for the withdrawal of 17,000 fertile acres before the dam is built, under the provisions of the Carey act.

Reclamation of this land is the principal object of the project at this time. It is expected that the plan for mining operations will be undertaken.

PHOENIX WATER CHARGES WILL REMAIN UNCHANGED

Phoenix, Ariz., Dec. 2.—Charges for water service under the Salt River project will remain during the next reclamation year, which begins December 1, the same as they have been since December 1, 1931. To all owners of land included in the project, 50 cents an acre foot will be the charge for the first two acre feet of water purchased. 40 cents for the third and 75 cents for the fourth. In addition, water will be furnished to 32,000 acres of outlying land at 40 cents an acre foot for the first three acre feet.

TOO MUCH ACID IN ARIZONA GRAPEFRUIT, SAYS CHEMIST

Tucson, Ariz., Dec. 2.—Declaring he has found there is too much acid in Arizona grapefruit, state chemist Dr. Charles A. Mearns asserts that a new law must be made to fit the Arizona product. The present law allows a grapefruit to be 2.5 acid whereas the tested samples of Arizona products have run about 1.5 acid.

KEEP COTTON STOCK PURE.

ARIZONA FARMERS URGED.

Tempe, Ariz., Dec. 2.—Printed copies of resolutions asking all farmers in the Salt River valley to keep their cotton to keep the Egyptian cotton stock of this section pure, are being sent broadcast by the Tempe Cotton Growers' exchange.

A little short staple is grown in the valley and it is pointed out that if short and long staples are grown in adjoining fields the seed of both will be contaminated. All long staple growers in the valley are anxious to keep their seed pure.

MELON BUGS TRAGEDY TO CERM

Arizona Farm Expert Discovers What Affected the Crops During Summer.

Phoenix, Ariz., Dec. 2.—The disease which so seriously affected the watermelon crops of the Salt River valley and other sections of the state last summer has been identified by Prof. Stanley F. Morse, of the university of Arizona college of agriculture, as "wilt" or "blight," which started in the northeastern part of the United States a few years ago.

Cucurbits, muskmelons, pumpkins and squashes are affected as well as watermelons. It is caused by a bacterium which gains entrance to the plant by means of the roots or stems where they are injured by insects.

No effective means of combating the new disease has been discovered, though it often helps to hold insects in check. The bacterium is carried over in the soil from year to year and it is one day to plant any of the crops affected by it in land where the disease has appeared, at least not for several years.

ARIZONA ORANGE GROWERS ARE SHIPPING 100 CARS

Phoenix, Ariz., Dec. 2.—Three carloads of fruit are being shipped today by the Arizona Orange association and good prices are being received. The association's shipments this year will total a carload of which 25 carloads will be grape fruit and the remainder oranges.

SETTLERS RUSH TO FILE ON ARIZONA LANDS

Phoenix, Ariz., Dec. 2.—More business is being done at the Arizona land office than at any time for the last two years. There is an extraordinary rush to file homestead and desert locations before the first of the year. One day this week the office banked \$6000.

TEMPE FARMERS SEND 10 TONS OF TURKEYS TO COAST

Tempe, Ariz., Dec. 2.—Los Angeles ate ten tons of turkey for Thanksgiving, according to the National Poultry company, of that city. The average turkey weighs 12 to 15 pounds and Goldenberg shipped 20,000 pounds of the birds, nearly 1000 in number. He is now buying for Christmas trade.

SCHOOL SYMPHONY ORCHESTRA TO MAKE FIRST APPEARANCE

The high school orchestra, recently organized by A. G. Alexander, will make its first public appearance at the high school auditorium on Friday evening, December 10. It will be assisted by Mrs. Corrington, reader; Miss Katherine Trevhan, elocutionist; and Miss Belle White, soprano. Formerly of Los Angeles, who is to sing a number of high class songs to orchestral accompaniment.

The orchestra now consists of a membership of 50 musicians, some of which are outside non-student members, who, in view of the high grade of work the orchestra is doing, have been given the free service for the purpose of making it a thoroughly successful organization.

The music to be played on the night of the concert is such as can be understood and appreciated by the average music lover, being a collection of parts from the best opera and other selections from the world's best music, as well as a number of modern popular pieces. A definite program of the concert will appear later.

The El Paso public will doubtless not want to miss this performance, but will wonder all the aid it can through its presence in a cause for just pride to El Paso.

CAPT. C. N. MURPHY IS DETAILED FOR RECRUITING

Washington, D. C., Dec. 2.—The following army orders have been issued:

Capt. C. N. Murphy, 12th Infantry, is detailed for recruiting service and will proceed to Fort Mojave for duty, relieving Capt. F. H. Adams, 12th Infantry.

Leaves of absence: First Lieut. R. H. Hargrove, 2d Cavalry, extended 15 days; Capt. A. L. Fuller, coast artillery corps, ten days.

Prepared in the good old fashioned way—flavor "Deliciously Different" you are sure to like Sulzberger's Mastic Hams and Bacon—Adv.

\$1,000,000 IN SHEEP SHIPPED

More Than 150,000 Sheep and Lambs Sent Out From Magdalena During Season.

Magdalena, N. M., Dec. 2.—A shipment of 15,000 lambs has been made from here by Manuel Otero and E. M. Otero. The lambs weighed on an average of 75 pounds each and will net the shippers \$5 a head. This is one of a number of heavy shipments which have been shipped from here this season and it is estimated that the total value of the entire shipment will reach \$1,000,000.

PECOS MAN SHIPS 64 FAT HOGS TO MARKET

Pecos, Texas, Dec. 2.—F. W. Johnson is shipping some of the fattest and finest hogs yet seen in Pecos to the Fort Worth market. Mr. Johnson's third car load of hogs for this season was made up of 64 hogs of what were regarded here as the fattest hogs ever shipped out of Pecos. So fat were the hogs that in a drive of only two miles to the shipping pens the fat of them became overladen and died.

ASK STATE TO AID IN FIGHT ON WILD ANIMALS

Austin, Texas, Dec. 2.—Efforts are being made by the Texas Goat and Sheep Raisers' association to get the cooperation of the state department of agriculture in the extermination of coyotes, wild cats and wolves, which prey to great extent on goats and sheep in Texas. Commissioners of agriculture Davis and that very likely the necessary legislation will be extended to this association.

The association is also making an effort to enlist the aid of the federal government in the work of extermination, by having the 75 field agents of the general government lecture the farmers on the extent of damage done annually to sheep and goats through the depredations of wild animals. The state of Texas is also materially assisting in this campaign, having made since 1917 two appropriations of \$100,000 each for coyotes and wolves and predator animals. The state pays three quarters of the bounties and the counties the remaining fourth.

PORTALES VALLEY STOCKMEN PASTURING MANY WHITE FACES

Portales, N. M., Dec. 2.—Stockmen are pasturing thousands of white faced calves this winter in the Portales valley. Many farmers who have owned a large number of white faced calves in the valley are now selling their stock and buying white faced calves as they bring a better price on the market.

Alfalfa is being fed in greater and greater quantities and less of this forage crop shipped out of this valley. The U. S. Smith, Hauling and Cold Storage Co. of El Paso, who have 300 head of yearling heifers and these are among the best of the white-faced herds in the valley.

The Williamson-Oldham Cattle company also has a big herd of steers and calves wintered in the Portales valley. This herd includes 350 head and is in fine condition.

MARFA CATTLEMEN MAKE SMALL CATTLE SHIPMENTS

Marfa, Texas, Dec. 2.—Only small shipments of cattle have been made from Marfa during the past week and the cattle market has lacked the activity which has been marked during the early part of November.

Among the shipments made from Marfa during the past week were: One carload of cattle shipped by C. H. Hargrove of El Paso, shipped to Fort Worth by W. B. Mitchell and one carload of horses shipped to Alexandria, La., by W. T. J. Oliver.

J. J. Oliver has transferred all his cattle interest in Brewster county and has moved to make his headquarters in Alpine. Mr. Oliver has been a prominent cattleman in this county for years.

CATTLE SHIPMENTS ARE MADE BY STANTON MAN

Big Springs, Texas, Dec. 2.—Several shipments of cattle have been made during the past ten days from Stanton, the shipments all going through H. C. Beal, who has his headquarters in Stanton. Two carloads of cattle were shipped by H. C. Beal from his ranch near Stanton to Fort Worth and Pick Houston shipped one car to the same market. The carload consisted of 200 head of steers from Midland and El Paso to Fort Worth.

\$60 A HEAD FOR STEERS IS REPORTED AT FORT STOCKTON

Fort Stockton, Texas, Dec. 2.—Sixty dollars a head is the price reported here to have been received for the 3,000 steers which A. S. Gage sold and has delivered at the market of El Paso. Murphy shipped the steers to Fort Worth.

600 HEAD OF CALVES SOLD BY ARTESIA MAN THIS WEEK

Artesia, N. M., Dec. 2.—Six hundred head of calves have been sold by R. E. Ward to Kansas stockmen and the price is said to have been \$20 a head. Two cars of steers were also shipped from here by Mr. Ward to Kansas City.

HIT BY A CAR.

Miss Irene Laughlin, while driving her auto at Mesquite and Texas street Thursday afternoon, struck Miss Viola Hanford, 211 McCulloch hotel, and inflicted slight injuries. Miss Laughlin took Miss Hanford to the emergency hospital at the police station and from there to the hospital. The accident occurred at 3:55 o'clock.

BOOKS FOR JUVENILES

Historical and Biographical Works Now in the Local Public Library.

Biography and historical stories are included in the list of juvenile books furnished today by Mrs. Edith Graham Coyne, the librarian, as among those in the local library that are recommended for youthful reading.

Some of the historical works should be the connecting, though frequently missing, link between the boy and the history of his own land," says Mrs. Coyne. "It may not develop a genius, but it may do better still, it may arouse admiration for a true man. It may not, indeed, teach him to glorify in the battlefield; but it may assist in cultivating courage, devotion to ideals and, above all, a true estimate and proper valuation of what his heritage as an American is."

Biography and History.

Barney James. "The Hero of Erie" (Commodore Perry). A well told life of commodore Perry, relating his adventures as a boy on the frigate Gen. Greene, as a commander, in the battle of Lake Erie.

Barnes, James. "Middieham's Paragon." In this story the author gives an interesting record of two years of the life of a young boy on the commodore's ship during the war of 1812.

Quinn, E. B. "Brave Deeds of Revolutionary Soldiers." Relates stories of bravery at Lexington, at Bunker Hill, at Montgomery at Quebec, of Jasper at the battle of the Clouds, of Nathan Hale at the battle of Oriskany, of Arnold at Saratoga, of Martin at Valley Forge, of Wayne at Stony Point, of John Clark at the battle of Red Bank, and of Marion in South Carolina.

Hill, P. T. "On the Trail of Washington." The story of George Washington, not as a dignified president of the United States, but first as a child, then as a boy, then as a young man, then as a soldier, then as a statesman, then as a man of letters, and finally as a man of peace.

Automobiles Licensed.

1931—Nietz-Schiff company, Santa Fe and Main streets, Res. track.

1931—William Milligan company, 1182 East Boulevard, Res. track.

SHOTGUN, FORD BICYCLE AND CARPENTER TOOLS TAKEN

J. Glenn's room at the Hotel Fisher was entered Thursday night and a shotgun taken from the room. A bicycle was stolen from Reyes Garay, at 417 Tularosa street Thursday.

Every Family Needs this Splendid Remedy

Compound of Simple Laxative Herbs Recommended for Constipation.

When a remedy has stood the test of critical analysis and strong competition for over a quarter of a century and establishes itself as the indispensable household remedy in thousands of homes, it is pretty good evidence of its efficacy.

Dr. Caldwell's Syrup Pepsin has been on the market since 1895, its use being gradually extended until now it is generally regarded by druggists as the simple family laxative. It is a combination of simple laxative herbs, free from opiates or narcotic drugs, gentle in its action and positive in its effect. It costs only fifty cents a bottle and can be purchased in drug stores everywhere.

Mr. Frank Kilma, of 2309 Ashland Ave., Baltimore, Md., writes: "I have frequently tried that he had tried until everything without being helped until he got a bottle of Dr. Caldwell's Syrup Pepsin. It cost him a bottle and he is now known remedy for indigestion, constipation and stomach trouble."

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and keep it.

CATARH QUICKLY BANISHED

MONEY BACK IF THIS FAILS

Medicated Air Destroys Catarrh Germs and Stops Catarrh. Breaks up Hardest Cold in a Few Minutes.

Of all the diseases caused by germs, catarrh is one of the most persistent and intractable. Catarrh can be cured, but it can only be cured by destroying the germs.

Breathe Hymel (pronounced High-om) and stop catarrh by killing the germs. The Hymel method is the only sensible method, because germ-killing is the only way to cure catarrh. Before the Hymel method, the only cure for catarrh was to use Hymel. I also had a bad cold which it cured.

"Whenever any of us catch the least cold we use Hymel and we always get relief."

To break up a cold in a few minutes try this. Pour a teaspoonful of Hymel in a bowl of boiling water, breathe the soothing, healing vapor that arises in two minutes. It is pleasant to use.—Advertisement.

ROAD TO HEALTH IS THROUGH THE KIDNEYS

Backaches, Lumbago, Rheumatic Twinges and Other Painful Symptoms the Result of Clogged or Improperly Working Kidneys.

No person alive is stronger than his kidneys. The minute the kidneys become clogged or clogged with waste the warning is flashed throughout the entire system.

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffiness under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feelings, never seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many ailments that accompany weak, clogged-up or diseased kidneys you should not neglect yourself any longer day and run the risk of serious complications. Secure a package of Solvay, the wonderful new kidney remedy, which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how

entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvay is such that it is practically impossible to take it into the human system without some beneficial results.

Solvay is pleasant to take, gives quick relief and has been so uniformly successful that Kelly & Pollard and other leading dealers in this vicinity will in future sell it under a positive guarantee of relief or refund the money. No other kidney remedy we believe ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of Solvay.

There is no time like the present to do a thing that ought to be done. If anyone has kidney trouble today is the best time to begin curing it.—Adv.
